

# NDS Pro-Spec™ Series

**NEW**

## Superior strength with unique corrugated sidewalls

- ✓ Corrugated sidewalls provide higher strength
- ✓ Specification grade valve boxes for commercial applications
- ✓ Reinforced covers for heavier loads
- ✓ Integrated nut for bolt-down capability
- ✓ High UV resistance prevents discoloration and cracking
- ✓ Overlapping covers prevent dirt and grass from settling in between body and cover

## Technical Information

### Applications & Material

**Application:** The NDS Pro-Spec™ Series is the next generation of commercial grade valve boxes that are ideal for the specification market.

**Material:** High-impact, high-density, injection-moulded structural foam polyethylene construction.

NOTE: Please refer to the description of the Box & Cover set to identify those with a bolt. For others, the bold needs to be ordered separately.

### NDS Pro-Spec™ 10" Round Corrugated Valve Boxes

Tapered body with a minimum wall thickness of 6 mm. The cover seat area has 8 structural support ribs on the underside of the seat. The bottom of the body has a 12 mm flange. The 10" round cover has an average thickness of 8 mm.
